

MUNICIPAL ELECTRIC SYSTEMS OF OKLAHOMA

Powering Strong Communities

# Cyber Security Scorecard Training

*presented by MESO in conjunction with the  
American Public Power Association and Axio*

**Tuesday, February 5, 2019  
Edmond, Oklahoma**

Have you taken steps to protect your IT system from hackers and ransomware?

The American Public Power Association's Cyber Security Scorecard is a simple-to-use tool to assist every municipal electric system with their cyber security efforts. The Scorecard is a joint development between the association and its cyber security partner, Axio.

From the smallest system to the largest, the Scorecard asks the questions you need answered in order to protect access to your electric system.

This Cyber Security Scorecard session will cover:

- History of the Public Power Cybersecurity Scorecard and applicability to utilities (of any size)
- Facilitation of Cybersecurity Scorecard self-assessments for each utility that attends
- Overview of Scorecard results, recommendations, and next steps

**Sponsored by:**

**MESO**
