

MUNICIPAL ELECTRIC SYSTEMS OF OKLAHOMA

Our Driving Concern

This workshop will introduce you to FREE tools and resources available to help you build or improve your Employer Traffic Safety Program.

8 a.m. – 12 noon • January 10, 2018

MESO Training Center • Oklahoma City

Crashes are the leading cause of unintentional workplace death in the United States. With a driver safety program in the workplace, you can greatly reduce the risks faced by your employees and their families while protecting your bottom line.

The ***Our Driving Concern*** – an Oklahoma Safety Council program - provides the resources you need to address distracted driving, drowsy driving, aggressive driving, passenger restraint, impaired driving, and other traffic safety topics in your workplace.

Class size is limited – [click here](#) to register today!

There is no charge for this event, however for planning purposes, please register.

Facilitator: Betsey Kulakowski, CSHO

Betsey is the Training and Development Manager for the Oklahoma Safety Council. She spent 28 years at the Oklahoma Department of Labor where she served in the OSHA Consultation Division, conducting more than 1,000 on-site safety consultations in a wide variety of industries. In 2012, she became the Assistant Director for the Public Employees Occupational Safety & Health Division. Betsey moved to the Oklahoma Safety Council in 2016, bringing her experience in training and workplace safety and health to the OSC Team.

Session Schedule:
